

Structural business statistics: Indicators broken down by year and sector of economic activity (Nace Rev. 2) for the industry and construction sector.

The monetary variables are displayed in thousand euros. Confidential data are not displayed in this table (indicated by ‘.’ in the table). When a certain variable has a value ‘zero’, this value will actually be displayed as ‘0’. There are no data available for the total of nace rev .2 section S (displayed by ‘.’), but the nace rev. 2 division 95 underneath is part of the scope of the structural business statistics survey.
